

2022-2023 Annual Arts Education Survey

The Annual Arts Education Survey collects information on student participation in and access to arts education at your school. This information is required by the New York State Education Department and helps the New York City Department of Education provide support for arts education across the city. **The survey must be completed by May 31, 2023.**

Please note the following arts-related data are now collected from other sources: the number of certified teachers teaching the arts are collected from the Human Resources and the Basic Educational Data System (BEDS) survey, and the arts instructional data for elementary, middle schools and high schools are collected from the Schedules Transcripts and Academic Reports (STARS) system.

Survey navigation instructions:

- Use the "Next Page" or "Previous Page" buttons at the bottom of each page to navigate. Do not use your internet browser buttons to navigate as they will exit you from the survey.
- If you have started the survey and want to save and complete at a later time, please make sure you click the "Save Progress" button before closing the web browser. To return to the survey, use the original link you received to access the survey and you will be brought back to the last page you completed and saved.

The survey is posted in hard copy for your reference [here](#). If you have questions about the content of the survey, send an email to artscount@schools.nyc.gov.
